JCMatrix - PowerBI Report Incidents

Generates interactive reports & dashboard without complexity of data warehouse / cubes

Description

Highlights:

- Basic plan is free for customer (other than consulting effort to create the dashboard)
- Generate interactive reports & dashboard without complexity of data warehouse / cubes
- Free form Q&A field suitable for non-tech business users (see video)
- Access via browser, PowerBI desktop, PowerBI mobile app or Matrix42 mobile app (via MWS)
- ServiceNow just got into PowerBI not long ago

Steps to host your own PowerBI demo environment:

1. Sign up free PowerBI account
2. Upload the demo pbix file (I can send to you)
3. Choose your datasource i.e. location of your M42Production DB
